WVMS Logo Goods Information Sheet

Here is some information about the company that makes the products we have chosen for our school.

SanMar's Global Operating Principles

SanMar believes in ethically, socially and environmentally responsible conduct.

We work to be good stewards of the planet. For years, SanMar catalogs have used paper with a minimum of 10% post-consumer waste. Many of our catalogs also meet strict Forest Stewardship Council (FSC) certification standards. The FSC promotes sustainable forestry and helps decrease the negative effects of logging like water pollution and industrial paper and ink recycling.

We're committed to a robust and transparent social compliance program. We have made a corporate decision to seek affiliation as a participating company with the Fair Labor Association (FLA). The FLA combines the efforts of industry, civil society organizations, and colleges and universities to protect workers' rights and improve working conditions worldwide by promoting adherence to international labor standards.
